Jordan Ellis | Boston, Massachusetts | jordan.ellis@example.com
Northeastern University, B.S. Biology (Concentration: Cell and Molecular), Expected May 2027, GPA 3.6
LAB SKILLS: PCR, qPCR, Western blot, ELISA, mammalian cell culture, flow cytometry, aseptic technique
COMPUTER: R, Python (pandas), GraphPad Prism, ImageJ, Benchling
EXPERIENCE
Research Co-op, Bayview Therapeutics (Jan 2026 - Jun 2026)
- Ran ELISA and Western blot assays on about 200 samples for an antibody screening program
- Kept cell lines for 3 projects and wrote 4 SOPs for the team
Undergraduate Research Assistant, Northeastern Immunology Lab (Sep 2024 - Dec 2025)
- Stained T cells and ran flow cytometry to measure activation markers
PROJECTS
Senior capstone: CRISPR knockout of a stress-response gene in yeast, measured by qPCR
Coursework: Molecular Biology, Immunology, Biochemistry, Genetics, Biostatistics
