DIEGO RAMIREZ - Pomona, CA - diego.r@example.com

Cal Poly Pomona, Mechanical Engineering. Graduating Spring 2028. GPA 3.4

TOOLS: SolidWorks, Ansys Fluent, MATLAB, Python, GD&T, CNC mill, TIG welding, 3D printing

EXPERIENCE

Formula SAE, Powertrain Lead, Fall 2024 - present

- Designed an intake manifold in SolidWorks and validated airflow with Ansys Fluent CFD
- Machined throttle body parts on a CNC mill, cutting part cost by 30 percent

Manufacturing Intern, Pacific Valve Co (Summer 2025)

- Wrote work instructions for 12 assembly stations and reduced rework by 15 percent

PROJECTS

Thermoelectric cooler test stand: Arduino data logging, PID temperature control

Coursework: Thermodynamics, Heat Transfer, Machine Design, Fluid Mechanics, Controls
